05 September 2022

The Four Stages of e-Government Development (UN 2014)

01

Emerging Presences:

Offering basic information online

Channels

Basic website, public kiosk

02

Enhanced Presence:

Greater sources of information, e-tools and e-services

Channels

Web portal, SMS, Mobile portal, Public kiosk

03

Transactional Presence:

Two-way interactive applications provide citizens with opportunities for online, financial and non-financial transactions

Coordinated Channels

Web portal, SMS, Mobile app, Mobile portal, Public kiosk, Public-Private partnerships

04

Connected Presence:

The way government operates fundamentally coherence, and there is better coherence, integration and coordination of processes and systems within and across government agencies. Government transforms itself into a connected entity.

Integrated Channels:

Human Capital Index value	0.5344	0.5626	0.47847	0.5189	0.59967

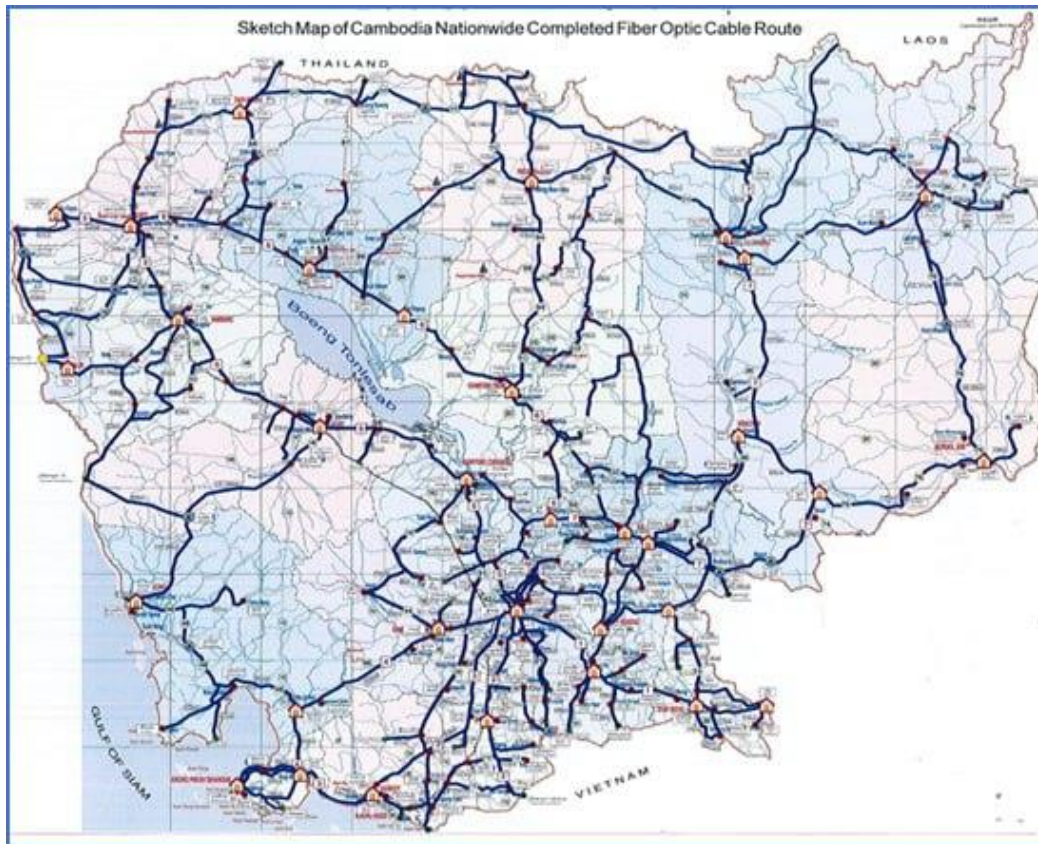

E-Government (2020 EGDI: 0.5113)

2020 Rank	124
Group	HEGDI
Rating Class	H1
2018 Rank	145
Change	-21

E-Participation (2020 EPART: 0.4167)

2020 Rank	129
2018 Rank	171
Change	-42

Current situation of telecommunication sector

Spine fiber optic cable network totaling 45,933 km (1)

Capable of transmitting STM-1 data (155Mbps), STM-64 (9953Mbps) and Dense Wavelength technology Division Multiplexing - DWDM (32Tbps, 64Tbps)

➤CFOCN = 17,099 km

➤TC = 2,180 km

➤

Underground cable ducts totaling 2,424 km (1)

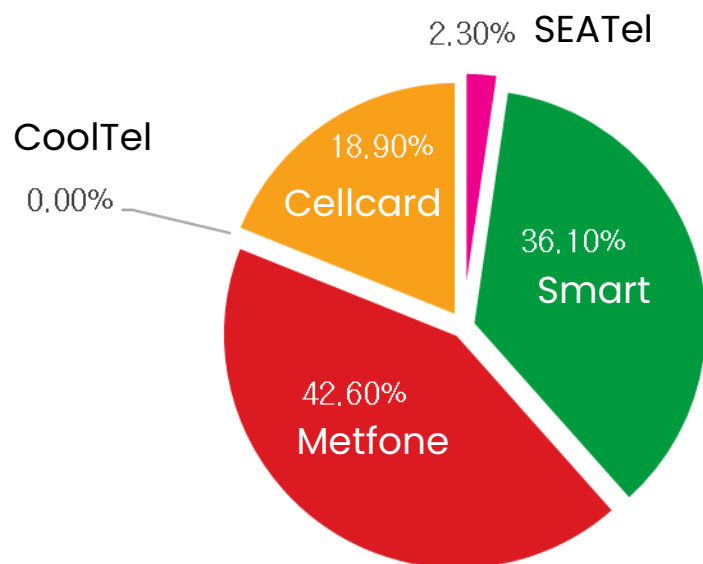

➤CFOCN = 2,313 km

➤TC = 111 km

(1) As of March 2021

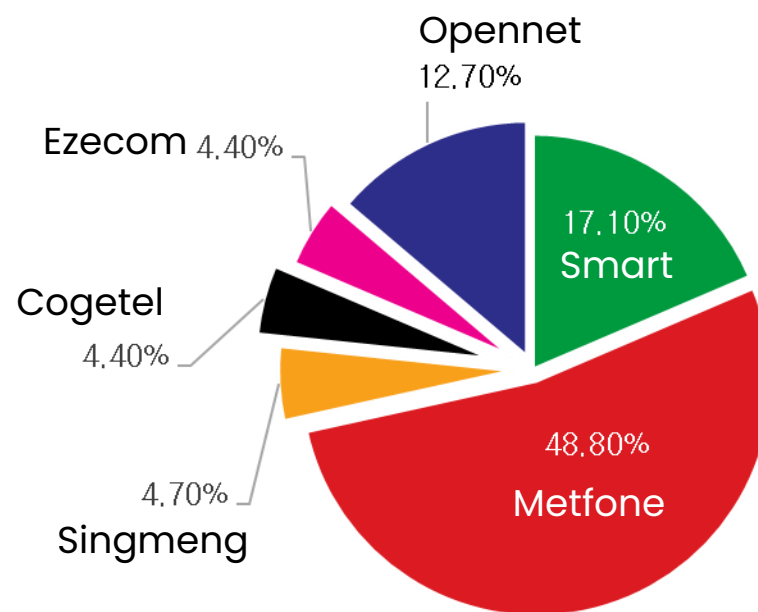

Current situation of telecommunication sector (continued)

Total number of mobile subscriptions 20,535,928
(June 2021)

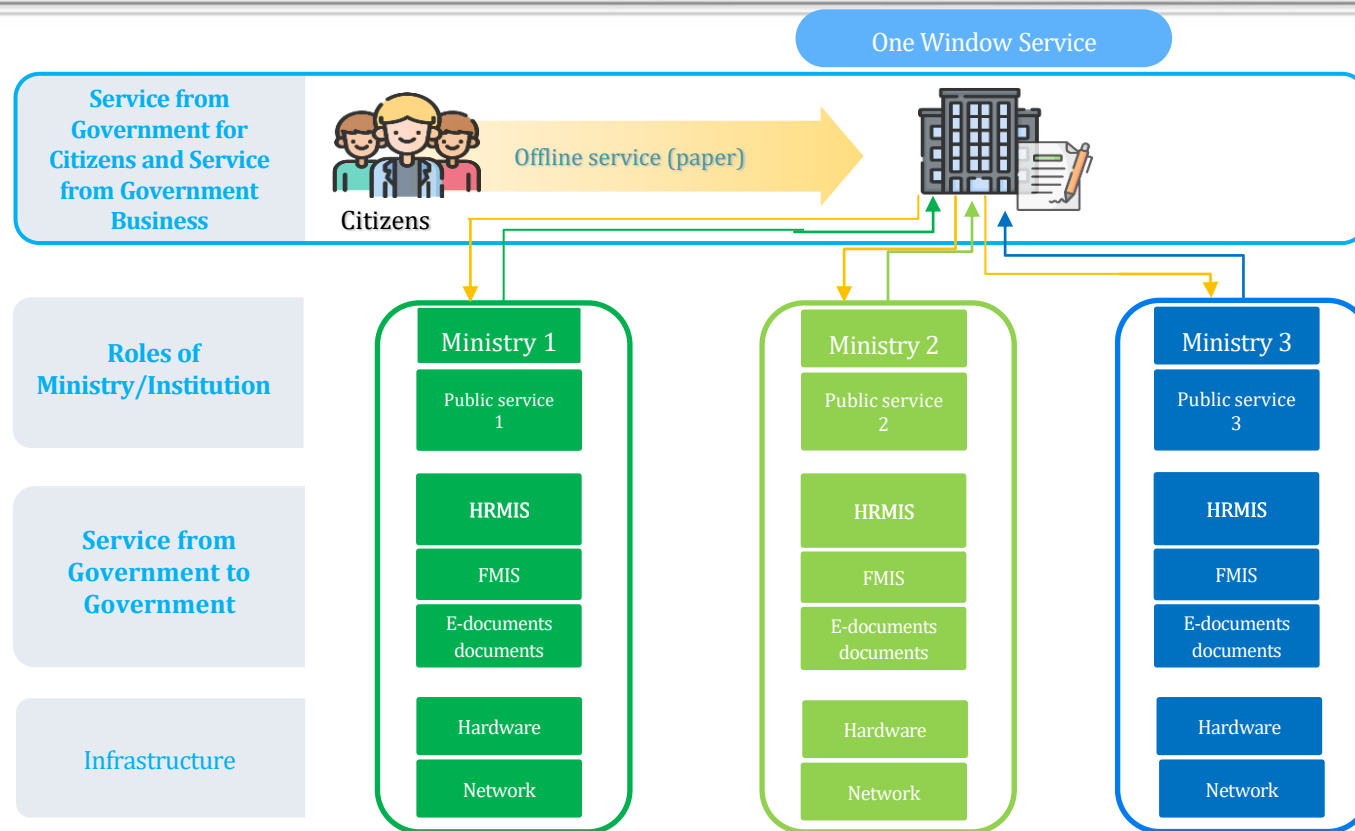

The total population in Cambodia in 2021 is around a 16million. As a percentage compared to a mobile user is 128% because some citizens use 2-3 sim cards.

Total number of fixed internet subscribers 304,071 (June 2021)

Fixed broadband subscriptions in Cambodia surged from 184,379 number in 2019 to 317,907 number in September 2021 due to pandemics.

Current Status of Digital Government of Cambodia

- Public Service delivery is based on paper-documents required by the relevant ministries and institutions.
- The hardware and network of ministries and institutions are siloed
- Processes and forms are not yet commonly standardized ● Lack of institutional information sharing

Cambodia Digital Government Policy 2022-2035

Vision and Goal

“ Establishing digital government to improve people’s quality of life and build trust among the people through better public service provision ”

Strategy Goal

1

Promote the development of digital government infrastructure

2

Build digital governance and create digital public services

3

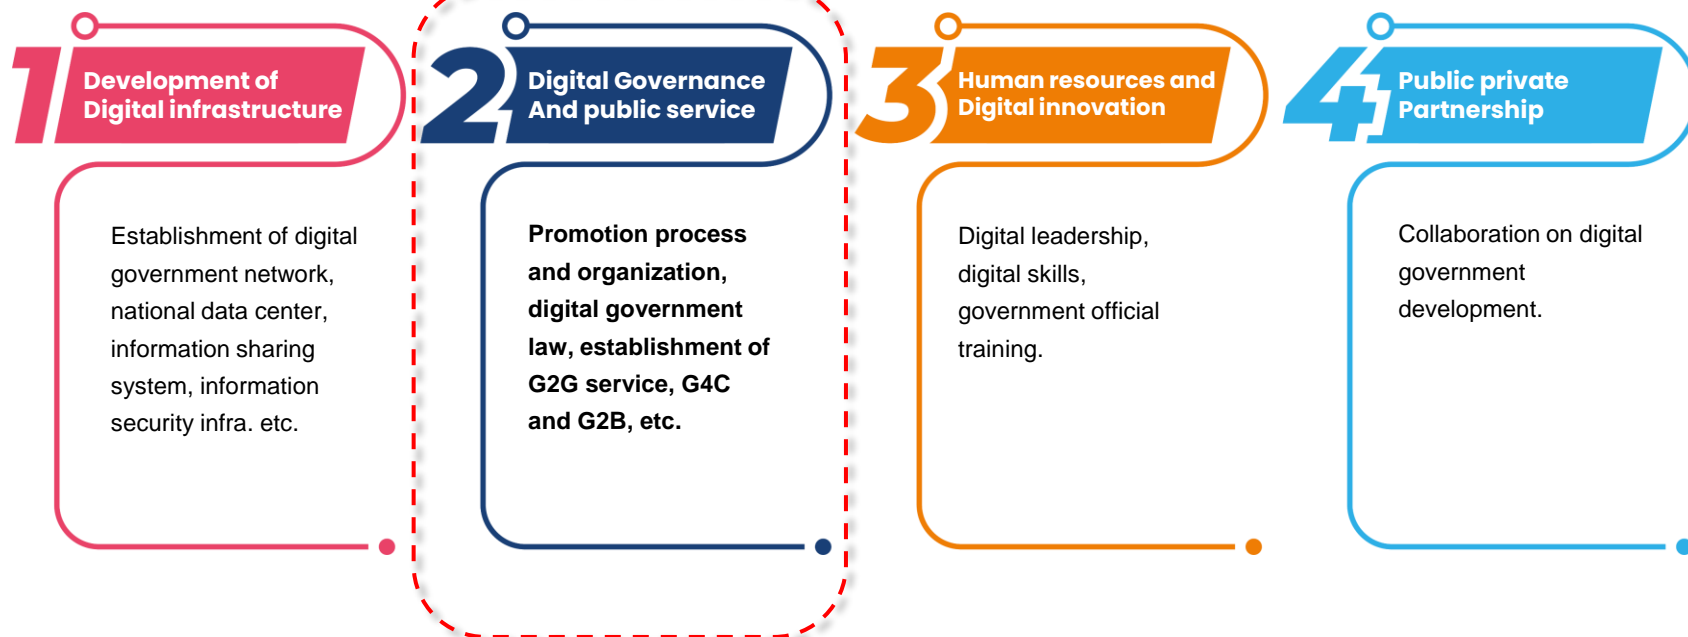

Digital capacity building and innovation

4

Promote cooperation and partnerships between public and private sectors

Cambodia Digital Government Policy(2022-2035)

4 Strategic thrusts, 10 Strategies, 83 action plans

- Realize digital government by guiding and providing all administrative services of the Cambodian government in one place
- Providing administrative services needed by the people as a one-stop service

Public Services provided by Ministries and OWSO

When citizens want to request a service, they have to go directly to the ministries and institutions. Having to travel back and forth is difficult and document tracking is impossible.

Name	Overview (example)
Ministries	(Issuance) Diplomatic Visa, Patent, Khmer Citizenship, Nationality, ID Card, Passport (Certificate) Birth-Marriage-Death in English, Patent, Product Quality, ISO9001, Origin, Land (License) Driving License, Tour, Mining, Transport, etc
